ALTIVUM INC.

VETERAN'S GUIDE TO TECHNOLOGY, BUSINESS & NETWORKING RESOURCES

A LETTER FROM THE CEO

Christian Perez

Founder & CEO, Altivum Inc. | Former U.S. Army Green Beret (18D)

First and foremost, thank you for your service. Those words get said a lot, but I mean them with the weight of someone who stood in the same places you have.

I served as a Green Beret 18D. I know what it means to operate in environments where the margin for error is zero and the stakes are everything. I also know what it feels like to take off that uniform and face a world that does not always know how to translate what you bring to the table.

I built Altivum Inc. because I believe veterans are uniquely positioned to lead in cloud computing, artificial intelligence, and the technologies that are reshaping every industry. The discipline, adaptability, and mission-first mindset you developed in service are exactly what this field demands.

This guide exists to put every resource I wish I had in one place: certifications, free training programs, veteran-specific opportunities, and the local business networks in our community that can accelerate your path. Every link is clickable. Every resource is current as of March 2026.

But a document is just a starting point. If you have questions, if you want to talk through your path, or if there is any way I can help, reach out to me directly. My door is open.

De Oppresso Liber,

Christian Perez
Founder & CEO, Altivum Inc.

AWS Skill Builder

AWS Skill Builder is AWS's official online learning center and primary hub for digital training, exam preparation, labs, and immersive learning. Sign up free with an AWS Builder ID — no credit card required. skillbuilder.aws | Overview: aws.amazon.com/training/digital

- Free Tier: 900+ self-paced courses, exam prep content, Cloud Quest (foundational), re/Post. No subscription required.
- Individual Monthly: $29/month — Official Practice Exams, SimuLearn (AI simulation), Builder Labs (hands-on), Cloud Quest (all levels), Jam challenges, Escape Room, Microcredentials

- Individual Annual: $449/year — Everything in monthly + Digital Classrooms (instructor-delivered video deep-dives), Industry Quest
- Team: $449/user/year — Everything in annual + team management and reporting tools for organizations

Key Learning Experiences (Subscription):

- AWS Builder Labs — Hundreds of step-by-step, self-paced labs in a live AWS Console environment
- AWS Cloud Quest — Role-playing game with digital badges (Cloud Practitioner, Solutions Architect, Serverless, ML, Security)
- AWS SimuLearn — AI-powered simulation of realistic cloud scenarios for exam prep
- AWS Jam Challenges — Open-ended, gamified troubleshooting in real AWS environments
- Exam Prep Plans — Structured 4-step plans for every certification

Notable Free Learning Paths: Cloud Practitioner Essentials, Technical Essentials, Well-Architected Training, Bedrock Getting Started, Generative AI Foundations, Security Learning Plan

AWS Builder Center

AWS's unified community platform for builders (launched July 2025). Connect with User Groups, Heroes, Community Builders; access workshops, tutorials, and submit feature requests. builder.aws.com

AWS All Builders Welcome Grant

The AWS All Builders Welcome (ABW) Grant is a fully-sponsored conference attendance program designed to remove financial barriers for early-career cloud professionals from diverse backgrounds. Awarded for both AWS re:Invent (Las Vegas) and AWS re:Inforce (security-focused). aws.amazon.com/events/reinvent

What It Covers:

- Full conference pass (value: $2,000+)
- Roundtrip airfare + hotel (private room, ~5 days/4 nights)
- Uber card for airport transfers + gift card for incidentals
- Reserved front-row keynote seating
- Dedicated ABW mentoring sessions with AWS experts
- Private Slack channel with other grantees
- Exclusive sessions: career paths, speed networking, interview tips

Eligibility: Within first 5 years of cloud career, age 21+, worldwide. Must demonstrate genuine interest in AWS and face financial barriers. No prior certifications required. Applications open annually (re:Inforce: Feb/March, re:Invent: June/July).

AWS Micro-Credentials

Hands-on, scenario-based assessments in provisioned AWS environments (~90 min each). Requires Skill Builder subscription ($29/mo). Credly badge upon passing. View on Skill Builder

- AWS Serverless Demonstrated
- AWS Agentic AI Demonstrated
- AWS Application Networking Demonstrated (new March 2026)
- AWS Incident Response Demonstrated (new March 2026)

AWS User Groups

590+ community-led groups worldwide. Free to attend — no experience required. Find a group: builder.aws.com/community/user-groups

AWS User Group: Clarksville, TN

Led by Christian Perez. Welcomes students, veterans, and all builders. Monthly Builders' Sessions with hands-on AWS projects. aws-ug.clarksvilletn.ai | RSVP: Meetup

AWS re/Start

Free, cohort-based, full-time workforce development program (2-3 months). No tech background required. Includes certification exam prep and job placement. Veterans are a priority population. aws.amazon.com/training/restart

Google Cloud Skills Boost

Google Cloud Skills Boost (formerly Qwiklabs) is Google's official hands-on learning platform. Complete real labs in actual Google Cloud projects without needing a personal GCP account. Earn Skill Badges (digital credentials) for completing hands-on lab sequences. cloudskillsboost.google | skills.google

Key Learning Paths: Cloud Engineer, Cloud Architect, Data Engineer, ML Engineer, Security Engineer, DevOps Engineer, Generative AI Leader, Security Operations.

- Free: Innovators members receive 35 free credits/month for labs and courses
- Paid: Full access via Google Developer Program Premium ($299/year)

Google Cloud Innovators Program

Free community program with optional Innovators Plus tier. cloud.google.com/innovators

- Innovators (Free): 35 free Cloud Skills Boost credits/month, community access, learning resources, live events
- Innovators Plus ($299/year): 1 free certification exam voucher (up to $200 value), up to $1,000 in Google Cloud credits, 1-to-1 consultations with GCP experts, Trainer Talks, quarterly executive AMAs

Value calculation: $200 exam voucher + $1,000 credits = over $1,200 in direct value for $299.

Google Cloud Free Tier

$300 free trial credit (90 days) for new customers. 30+ always-free services: cloud.google.com/free

- Compute Engine — 1 e2-micro VM (US regions)
- Cloud Storage — 5 GB regional
- BigQuery — 10 GB storage + 1 TB queries/month
- Cloud Run / Cloud Functions — 2M invocations/month
- Firestore — 1 GiB storage, 50K reads/day
- GKE — 1 free Autopilot or zonal Standard cluster/month
- Pub/Sub — 10 GiB messages/month

SECTION 3: MICROSOFT AZURE

Azure Certifications by Level

Fundamentals ~$99 (no expiry), Associate/Expert/Specialty ~$165 (annual free renewal). Microsoft Credentials

Note: MS-900 (Microsoft 365 Fundamentals) retires March 31, 2026 and is excluded.

Fundamentals Level (~$99, no expiry)

Certification	Exam	Description / Link
Azure Fundamentals	AZ-900	Core cloud concepts, Azure services, security, compliance, pricing Details
Azure AI Fundamentals	AI-900	AI/ML concepts, Azure AI services, computer vision, NLP. Retiring June 30, 2026. Details
Azure Data Fundamentals	DP-900	Core data concepts, relational/non-relational data, analytics in Azure Details
Security, Compliance, and Identity Fundamentals	SC-900	Security, compliance, identity across Microsoft services and Azure Details
Power Platform Fundamentals	PL-900	Power Apps, Power Automate, Power BI, Power Virtual Agents Details
Copilot and Agent Administration Fundamentals	AB-900	Configure, secure, and support AI-powered M365 Copilot (new Feb 2026) Details
AI Business Professional	AB-730	Using generative AI and M365 Copilot for business outcomes (new Feb 2026) Details
AI Transformation Leader	AB-731	Define business value of AI, drive company-wide AI adoption (new Feb 2026) Details

Associate Level (~$165, annual free renewal)

Certification	Exam	Description
Azure Administrator Associate	AZ-104	Managing Azure identities, governance, storage, compute, virtual networks
Azure Developer Associate	AZ-204	Designing, building, testing cloud applications. Retiring July 31, 2026
Azure Security Engineer Associate	AZ-500	Security controls, identity protection, security operations. Retiring Aug 31, 2026
Azure Network Engineer Associate	AZ-700	Planning and implementing Azure networking solutions
Azure AI Engineer Associate	AI-102	Designing and implementing Azure AI solutions. Retiring June 30, 2026
Azure Data Scientist Associate	DP-100	Data science and ML workloads on Azure. Retiring June 1, 2026
Azure Database Administrator Associate	DP-300	Managing SQL Server and Azure Data Services

Certification	Exam	Description
Fabric Analytics Engineer Associate	DP-600	Analytics solutions using Microsoft Fabric
Fabric Data Engineer Associate	DP-700	Data pipelines and integration in Microsoft Fabric
Security Operations Analyst Associate	SC-200	Threat mitigation with Sentinel, Defender for Cloud
Identity and Access Administrator	SC-300	Identity and access management using Microsoft Entra
Power BI Data Analyst Associate	PL-300	Modeling, visualizing, and analyzing data with Power BI
Power Platform Developer Associate	PL-400	Designing and extending Power Platform solutions

Expert Level

- Azure Solutions Architect Expert (AZ-305)
- DevOps Engineer Expert (AZ-400)
- Cybersecurity Architect Expert (SC-100)
- Agentic AI Business Solutions Architect (AB-100 (new Feb 2026))

Specialty Level

- Azure for SAP Workloads (AZ-120)
- Azure IoT Developer (AZ-220)
- Azure Cosmos DB Developer (DP-420)

New AI Certifications (2026)

- MLOps Engineer Associate (AI-300) — Beta March 2026
- Azure Databricks Data Engineer (DP-750) — Beta March 2026
- Azure AI App and Agent Developer (AI-103) — Beta April 2026
- Azure AI Cloud Developer (AI-200) — Beta April 2026
- Cloud and AI Security Engineer (SC-500) — Beta May 2026

SECTION 4: ORACLE

OCI Certifications

Foundations = FREE (exam + learning path). Associate/Professional = $245. oracle.com/education/certification

3 FREE Foundations Certifications

- OCI 2025 Foundations Associate (1Z0-1085-25) — FREE | Exam Page
- Data Platform 2025 Foundations Associate (1Z0-1195-25) — FREE | Exam Page
- OCI 2025 AI Foundations Associate (1Z0-1122-25) — FREE | Exam Page

OCI Associate and Professional ($245 each)

- OCI Architect Associate
- OCI Architect Professional
- OCI Developer Professional
- OCI DevOps Professional
- OCI Security Professional
- OCI Networking Professional
- OCI GenAI Professional
- OCI Data Science Professional
- OCI Cloud Operations Professional
- OCI Multicloud Architect Professional
- OCI Migration Architect Professional

Oracle Database Certifications

Oracle offers database certifications from Foundations through Professional. Key certifications: Database Certification Paths

- Oracle Database Foundations (1Z0-006) — ~$95
- Oracle Database SQL (Associate) (1Z0-071) — $245
- Oracle Database Administration I (Associate) (1Z0-082) — $245
- Oracle Database Administration II (Professional) (1Z0-083) — $245
- Oracle Database Program with PL/SQL (1Z0-149) — $245
- Oracle AI Vector Search Professional (1Z0-184-25) — $245
- MySQL 8.0 Database Administrator (1Z0-908) — $245

Oracle Java Certifications

Java certifications from Foundations through Professional, covering Java SE 8 through SE 21. Java Certification Paths

- Java Foundations (1Z0-811) — ~$95
- Java SE 8 Programmer I (OCA) (1Z0-808) — $245
- Java SE 17 Developer (1Z0-829) — $245
- Java SE 21 Developer Professional (current flagship) (1Z0-830) — $245
- Helidon Microservices Developer (1Z0-1102) — $245

Oracle Applications Certifications

100+ certifications across Oracle Fusion Cloud ERP, HCM, SCM, CX, EPM, plus Oracle E-Business Suite, JD Edwards, Primavera, and more. Most are $245. oracle.com/education/certification

Oracle Academy

Completely free educational program for academic institutions worldwide. Curriculum includes Java, Database, Oracle Cloud, project management (Primavera), ERP, AI/ML. Education Bytes (short modular labs), Cloud Program (Oracle Cloud Free Tier access), APEX Workspaces, software licenses for teaching. Professional development free for educators. Oracle Cloud Free Tier

$300 free credits (30 days) + notably generous always-free tier. Oracle explicitly recommends the Free Tier as a practice environment for certification preparation. oracle.com/cloud/free

- Arm Ampere A1 Compute — 4 OCPUs + 24 GB RAM (exceptional: runs a small Kubernetes cluster entirely free)
- AMD Compute — 2 VMs (1/8 OCPU, 1 GB RAM each)
- Block Volume — 200 GB total
- Object/Archive Storage — 20 GB each
- Autonomous Data Warehouse — 2 databases, 20 GB each
- Autonomous Transaction Processing — 2 databases, 20 GB each
- APEX Application Development, Flexible Load Balancer, VPN, Vault, Bastions, Monitoring, Logging, APM

SECTION 5: IBM

IBM Certifications

IBM certifications span Cloud, AI/watsonx, Security, Data, Automation, and Systems. ibm.com/training/credentials/certifications

Cloud:

- Cloud Professional Architect v6
- Cloud Pak for Integration v16.1.0 Solution Architect
- Professional SRE - Cloud v2
- Cloud Security Engineer Specialty

AI / watsonx:

- watsonx AI Assistant Engineer
- watsonx Generative AI Engineer (Associate)
- watsonx Data Scientist (Associate)
- watsonx Data Lakehouse Engineer
- watsonx Governance Lifecycle Advisor
- AI Fundamentals Specialty

Security:

- QRadar SIEM V7.5 Foundations
- QRadar SIEM V7.5 Administrator
- QRadar SIEM V7.5 Analyst
- Guardium Data Protection v12.x Administrator

Automation:

- Robotic Process Automation Developer
- Business Automation Workflow v25 Developer
- Cloud Pak for Business Automation Solution Architect

IBM SkillsBuild (FREE)

100% FREE digital learning platform with 1,000+ courses in 22 languages, serving 168 countries and 2M+ learners. Includes IBM-branded digital credentials via Credly. Self-paced, project-based learning with IBM technology and IBM Mentor access. skillsbuild.org

Topics: AI/ML, Data Science, Cloud Computing, Cybersecurity, Web Development, UX/Product Design, Entrepreneurship, Quantum Computing, Sustainability, Professional Skills.

Selected Free Digital Credentials:

- AI Fundamentals (9 hrs) — AI concepts, ML types, neural networks, deep learning, ethics
- Artificial Intelligence Fundamentals (10+ hrs) — NLP, computer vision, ML, chatbots
- Cloud Computing Fundamentals (10 hrs) — Cloud services, deployment models, security
- Cybersecurity Fundamentals (7.5 hrs) — Cyber threats, social engineering, cryptography
- Data Fundamentals (7 hrs) — Data analytics, data science tools
- Enterprise Design Thinking Practitioner (3 hrs) — Human-centered problem solving
- Entrepreneurship Business Essentials (17 hrs) — Business launch, decision-making
- Web Development Fundamentals (12+ hrs) — HTML, CSS, JavaScript, deployment

- Project Management Fundamentals (7 hrs) — PM lifecycle, approaches
